

South San Francisco, CA, November, 2017

End of Life (EOL) Notice – Armasight by FLIR Branded Products

Dear valued customer:

As a regular course of business, FLIR looks at its portfolio 1-2 times / year to replace products with better performing, new technology products to meet the ever-evolving customer needs.

Please find below the products that will be reaching their End of Life (EOL) and the timing of activities. There are not exact replacements for each one of the EOL SKU's because the end-user needs may vary depending on the application. Accessories and replacement parts for the above listed item will be available past the Last Ship Date listed in this document. Please reach out to your Sales point of contact or our Customer Service team for any questions you might have through OTS-Support@flir.com or 1-888-959-2259.

Good selling,

FLIR Outdoor & Tactical Systems

Milestone	Definition	Date
